

# IJB DTV (Direct-to-Vinyl) FAQs

**Q. What is the IJB DTV printing system?**

**A.** The IJB DTV (Digital Transfer Vinyl) printing system is a comprehensive solution for creating high-quality, full color transferred vinyl images. It offers a complete package for direct-to-vinyl printing, surpassing the performance of other image transfer technologies.

**Q. What makes the IJB DTV system unique?**

**A.** The IJB DTV system is unique in that it uses standard OEM pigment inks, eliminating the challenges often associated with white ink. It works on a wide range of garment colors, offers exceptional image longevity, and is based on leading printing products with outstanding support.

**Q. Will the images work on all colors of t-shirts?**

**A.** Yes, the IJB DTV system allows a user to image any color t-shirt, including white, light, dark and black.

**Q. What is included in the IJB DTV system package?**

**A.** The IJB DTV system includes all the necessary components, such as the printer, inks, digital cutters, software, vinyl materials, heat presses, accessories, and comprehensive training and support.

**Q. Which printer is used in the IJB DTV system?**

**A.** The EPSON ET-8550 13" x 19" six-color printer is employed as part of the IJB DTV system, ensuring high-quality prints with remarkable accuracy and clarity.

**Q. What type of ink is used in the IJB DTV system?**

**A.** The IJB DTV system uses EPSON OEM dye ink, guaranteeing vibrant and long-lasting colors for the transferred vinyl images.

**Q. What are the key benefits of the IJB DTV system compared to other methods?**

**A.** The IJB DTV system offers a complete solution, works on a wide range of garment colors, provides image longevity as good or better than DTF and DTG methods, and is supported by IJB's exceptional training and support resources.

**Q. What industries can benefit from the IJB DTV system?**

**A.** The IJB DTV system is versatile and can be used in various industries, including fashion and apparel, home décor, promotional products, schools, events, and trade shows. It's a powerful tool for creating custom designs on a wide range of items.

**Q. How does the IJB DTV system help businesses promote their brands?**

**A.** The IJB DTV system allows businesses to create unique and eye-catching products, making their brand stand out from the
